Received: 27 December 2021/ Revised: 28 December 2021 / Accepted: 29 December 2021 / Available online: 31 December 2021

Dear All,

I am very happy to announce Issue-3, Volume-1 of an online e-journal entitled, "International Journal of Medical, Pharmaceutical and Biological Sciences (IJMPBS)", Which is a peer reviewed and subscription free open access journal. This issue comprises of one research and three review articles. This issue covers information from the different areas like pharmaceuticals, Novel drug delivery system, Traditional System of Medicines, and a Clinical study. A research paper has provided a detailed insight about cementing capacity of an herb, *Centella asiatica*, in hip bone replaced patient. The present issue discusses about strategies involved in the development of novel drug delivery systems such as Liposomes and Niosomes. This issue also provides detailed overview about an emerging Electro-homeopathic system of medicines.

The goal behind the launch of this journal is to help students, researchers and scientists worldwide to benefit from the high quality and peer reviewed scientific articles and to interconnect their high performing works in the whole field of Medical, Biological, Pharmaceutical sciences and related disciplines.

I would like to congratulate and thanks all authors for their participation, encouragement, publication of articles in this issue. The editorial board members and reviewers have taken extensive efforts for reviewing the manuscripts critically for maintaining the quality standards of the journal. I thanks to all readers, students, researchers and professionals who have visited our journal website. Looking forward for your continuous encouragement and support.

Thanks.

With regards,

Associate Editor,

International Journal of Medical, Pharmaceutical and Biological Sciences (IJMPBS)
