Dear All,

I am very glad to introduce Issue-4, Volume-1 of an online e-journal entitled, "International Journal of Medical, Pharmaceutical and Biological Sciences (IJMPBS)", which is a peer reviewed and subscription free open access journal. This issue comprises five articles from different fields of Medical and Pharmaceutical Sciences. This issue covers topics from the different disciplines like Traditional System of Medicines, Pharmacognosy, Natural Product and a Clinical pharmacy. A review article has provided a detailed information about Vinka alkaloids used for treatment of different types of cancer. The current issue discusses about newer approaches in the management of Blood pressure and different natural remedies used in the treatment of Type 2 Diabetes. This issue also provides detailed overview about SARS-COV-19.

The goal behind the launch of this journal is to help students, researchers and scientists worldwide to benefit from the high quality and peer reviewed scientific articles and to interconnect their high performing works in the whole field of Medical, Biological, Pharmaceutical sciences and related disciplines.

I would like to congratulate and thanks all authors for their participation, encouragement, publication of articles in this issue. The editorial board members and reviewers have taken extensive efforts for reviewing the manuscripts critically for maintaining the quality standards of the journal. I thanks to all readers, students, researchers and professionals who have visited our journal website. Looking forward for your continuous encouragement and support.

Thanks.

With regards,

Associate Editor,

International Journal of Medical, Pharmaceutical and Biological Sciences (IJMPBS)
