Dear Readers,

It is my pleasure to introduce Volume 3, Issue 4 of the *International Journal of Medical, Pharmaceutical, and Biological Sciences (IJMPBS)* for January–March 2024. This edition, available in both online and print formats, features a diverse collection of five meticulously researched articles that contribute to advancing scientific knowledge across medical, pharmaceutical, and biological sciences.

Highlights of This Issue:

- *Launching of the Issue-4 of Volume-3 of International Journal of Medical, Pharmaceutical and Biological Sciences* – An overview of the release, providing insight into the core themes and objectives of this edition.
- *Development and Evaluation of a Polyherbal Formulation Against Lomerulonephritis, Interstitial Nephritis, and Polycystic Kidney Disease* – A study presenting the formulation and evaluation of a polyherbal therapeutic solution targeting various renal disorders, offering innovative approaches in nephrology.
- *Rosuvastatin Calcium Permeability Evaluation Using In-Vitro Permeation Test (IVPT) Through Human Cadaver Skin* – Research investigating the permeability of rosuvastatin calcium through human skin, shedding light on its potential for transdermal drug delivery applications.
- *Synthesis and Characterization of Benzylated 1,2-Dihydroquinoline Derivatives* – A study focused on the synthesis and structural characterization of novel benzylated derivatives, showcasing their potential pharmaceutical applications.
- *Application of Herbal Hepatoprotective Agents in Chemotherapy-Induced Hepatotoxicity: A Comprehensive Review* – A review highlighting the role of herbal hepatoprotective agents in mitigating liver toxicity caused by chemotherapy, emphasizing the integration of natural remedies in oncology.

This issue exemplifies the dedication and collaborative efforts of our authors, reviewers, and editorial board, who have ensured the publication of high-quality research.

We are proud to provide a platform for students, researchers, and professionals to share and access innovative scientific findings across disciplines. Our mission is to foster knowledge dissemination and inspire continued research in medical, pharmaceutical, and biological sciences.

International Journal of Medical, Pharmaceutical and Biological Sciences...January - March 2024

To our valued readers, your unwavering support and engagement are what drive us to achieve excellence. We thank you for being an integral part of our journey and look forward to your continued contributions in shaping the future of IJMPBS.

With regards,

Chief Editor,

International Journal of Medical, Pharmaceutical and Biological Sciences (IJMPBS)
