Dear Readers,

It is with great excitement that I present Volume 4, Issue 1 of the *International Journal of Medical, Pharmaceutical, and Biological Sciences (IJMPBS)* for April–June 2024. This edition, available in both online and print formats, comprises four high-quality research articles, reflecting significant advancements across the fields of medical, pharmaceutical, and biological sciences.

Highlights of This Issue:

- *Launching of the Issue-1 of Volume-4 of International Journal of Medical, Pharmaceutical and Biological Sciences* – An introduction to the latest edition, outlining the primary themes and objectives of this volume.
- *Formulation and In Vitro Evaluation of Tagetes Erecta Anti-Aging Gel Cream* – A study on the development and evaluation of an anti-aging gel cream derived from *Tagetes erecta*, offering insights into innovative approaches in cosmeceuticals.
- *Evaluation of Antimicrobial Activity of Nanogel Against Periodontal Disease* – Research demonstrating the efficacy of a nanogel formulation in combating periodontal disease, contributing to advancements in dental therapeutics.
- *Investigation of Ulcerogenic Activity of Selected Quinoxaline, Benzothiazole, and Benzoxazole Derivatives* – A study exploring the ulcerogenic potential of various derivatives, providing valuable data for their safe application in pharmacology.
- *Synthesis and Biological Evaluation of 1-Aryloxy-2-Hydroxy-3-Aminocyclohexanes* – An investigation into the synthesis and biological properties of novel aminocyclohexane derivatives, showcasing their pharmaceutical potential.

This issue is a testament to the collaborative efforts of our contributing authors, who have enriched this journal with their valuable research. I extend my sincere gratitude to our editorial board members and reviewers for their unwavering commitment to maintaining the highest standards of quality and rigor in every published article.

The *International Journal of Medical, Pharmaceutical, and Biological Sciences* remains dedicated to fostering the dissemination of innovative research, serving as a vital resource for students, researchers, and professionals in advancing their knowledge and expertise.

International Journal of Medical, Pharmaceutical and Biological Sciences...April - June 2024

To our esteemed readers, your continued support and engagement are instrumental in our success. We thank you for your unwavering commitment and look forward to your active participation in shaping future editions of IJMPBS.

With regards,

Chief Editor,

International Journal of Medical, Pharmaceutical and Biological Sciences (IJMPBS)
