Dear Readers,

It is my pleasure to introduce Volume 4, Issue 2 of the *International Journal of Medical, Pharmaceutical, and Biological Sciences (IJMPBS)*. This issue, available in both online and print formats, continues our tradition of publishing high-quality, peer-reviewed research articles that advance knowledge and innovation across the fields of medical, pharmaceutical, and biological sciences.

Highlights of This Issue:

- *Launching of the Issue-2 of Volume-4 of International Journal of Medical, Pharmaceutical and Biological Sciences* – An introduction to the latest issue, highlighting its key themes and focus.
- *Pharmacological Evaluation of Formulated Celecoxib Herbal Gel for Analgesic and Anti-Inflammatory Activity* – A study presenting the formulation and pharmacological assessment of a celecoxib herbal gel, offering new insights into its potential as an analgesic and anti-inflammatory treatment.
- *Ex-Vivo Study and In-Vivo Evaluation of Chitosan-Coated Optimized Levetiracetam Loaded Nanoliposomes* – Research demonstrating the enhanced delivery and efficacy of levetiracetam through chitosan-coated nanoliposomes, contributing to advancements in neurological therapeutics.
- *Formulation and Evaluation of Self-Nanoemulsifying Drug Delivery Systems (SNEDDS) for Empagliflozin Materials and Methods* – A study focusing on the development of SNEDDS to improve the bioavailability and efficacy of empagliflozin, a key drug in diabetes management.
- *Unlocking the Secrets of Triphala: A Review of Its Health Benefits* – A comprehensive review exploring the therapeutic properties of Triphala, a cornerstone of traditional medicine, and its relevance in modern health applications.
- *Pirtobrutinib: A Novel Bruton's Tyrosine Kinase Inhibitor with Emerging Potential in Malignancies* – An analysis of Pirtobrutinib, a groundbreaking BTK inhibitor, highlighting its potential applications in cancer treatment.

This issue reflects the dedication and hard work of our contributing authors, whose research enriches this journal and contributes to its growing impact. I extend my heartfelt gratitude to the editorial board and reviewers for ensuring the highest standards of academic rigor and quality in every published article.

International Journal of Medical, Pharmaceutical and Biological Sciences...July - September 2024

The *International Journal of Medical, Pharmaceutical, and Biological Sciences* remains committed to serving as a platform for students, researchers, and professionals to disseminate and access cutting-edge scientific advancements.

To our readers, your continued engagement and support inspire us to uphold excellence in scientific publishing. We thank you for being an integral part of our journey and look forward to your active participation in future editions of IJMPBS.

With regards,

Chief Editor,

International Journal of Medical, Pharmaceutical and Biological Sciences (IJMPBS)
